

Rhodes Multicultural
Community Association

RMCA Professionals Business Network Launch

The RMCA is a community organisation dedicated to not just promoting multiculturalism but community engagement and partnership. We want to contribute to making Rhodes a better place to live and work.

We are now launching the establishment of the RMCA Professionals Business Network. We want to facilitate local professionals meeting each other, networking and co-operating to further careers, education and work.

King Property Group (www.kinggroupproperty.com.au) are generously sponsoring our launch.

We have ten scholarships available for local residents to visit China in July for a 10 day study tour. The scholarships have been sponsored by B1 Group.

The guest speaker at our launch will be Angelo Tsirekas Mayor of The City of Canada Bay. Our initiative is consistent with the City of Canada Bay Rhodes Place Plan which has the support of the council, local business and community.
