

The Rhodes Multicultural Community Association

Professionals Business Network is a platform for professionals to network locally and further careers, education and employment opportunities.

Following from a successful launch of the RMCA - Professionals Business Network by the Mayor of the City of Canada Bay Angelo Tsirekas in March 2015, we are continuing to organise local networking events for young professionals.

At our next Event you can join us and our special guest speakers present on how they launched successful businesses, progressed their corporate careers and learn about their interesting personal stories.
